Resort Representation:

Alpine Weekends has Resort Managers to generally look after you and organise skipasses, tuition, equipment, rental, guiding etc for our clients. The representative will also advise you on the best bars, clubs and restaurants to visit and arrange evening events available in the resort.

Depending on the venue, evening activities can include bowling, ice driving, floodlit skiing, ski race events, mountain restaurant dining, sledging to or from supper, sledge racing, skidoo, curling, skating, torch lit descents all of which usually involve the local mountain alcoholic drink (and/or something actually palatable).

Larger groups can have their London office account handler to be present in-resort to provide support on a more senior basis. Cost on request.

Additional Requirements:

Any additional services needed by the client extra to the schedule above will incur an administration fee of £35 on top of any extra costs per extra task (e.g. individuals wanting extra transfers, extra days etc.). More complex work will be priced on-demand.

Costs for flight bookings not included in a package or extra flights purchased after a booking has been made are charged at cost plus £10 per return flight.

Changes to existing flights within a group booking are charged at cost plus £30 per change plus costs incurred from the airline.

We are ATOL bonded – fly with confidence.
